

Title and Level of Qualification: Certificate II in Outdoor Power Equipment

National Qualification Code: AUR 208 05 Duration: 12 months

Total of 15 units from Levels 2 or 3 are required

Level	Unit No.	Unit Title
-------	----------	------------

*Maximum of 2 Units of Competence at Level 3

1. Compulsory Units of Competence		
2	AURC 270103A	Apply Safe Working Practices
2	AURT 271781A	Implement and Monitor Environmental Regulations in the Automotive Mechanical Industry

2. Units of Competence		
<i>Select 10 units from the following group (2 units are compulsory, delete units not required)</i>		
*Compulsory Unit		
2	*AURE 222976A	Test and Service Outdoor Power Equipment
2	*AURP 201570A	Service Engines and Associated Engine Components (Outdoor Power Equipment)
2	AURE 222876A	Test, Service and Repair Powered Shears
2	AURP 245171A	Service and Repair Faults in Rotary Cutting Systems
2	AURP 245271A	Service and Repair Faults in Drum Cutting Systems
2	AURP 245371A	Service and Repair Chainsaw Cutting Systems
2	AURP 245465A	Remove, Fit and Adjust Line Trimming System Components
2	AURP 245571A	Service and Repair Faults in Post Boring Systems
2	AURP.245671A	Service and Repair Faults in Post-Hole Digging Systems
2	AURP 245771A	Service and Repair Faults in Reciprocating Cutting Systems
2	AURP 247670A	Service Pumping Systems
3	AURP 301566A	Repair Engines and Associated Engine Components (Outdoor Power Equipment)
3	AURP 322776A	Test and Service 240V Portable Generators
3	AURP 347666A	Repair Pumping Systems

3. Units of Competence		
<i>Select 3 units from the following group (delete units not required)</i>		
2	AURC 270421A	Establish Relations with Customers
2	AURC 270789A	Communicate Effectively in the Workplace
2	AURT 225667A	Use and Maintain Measuring Equipment
2	AURT 270278A	Use and Maintain Workplace Tools and Equipment
2	TDTA 1397B	Receive Goods
3	AURT 366108A	Carry Out Diagnostic Procedures

APPRENTICESHIPS FOR THE OUTDOOR POWER EQUIPMENT INDUSTRY

Last Updated June 2006

NATIONAL TRAINING PACKAGE

The Outdoor Power Equipment Vocational course is part of the Nationally Recognised Automotive Training Package AUR 05.

The components of a National Training Package are:-

- Units which define skills and knowledge required to perform specific tasks in the workplace.
- Nationally Recognised Qualifications related to workplace requirements and based on industry Competency Standards.

PROGRAM INFORMATION

Outdoor Power Equipment training is available as an Australian Apprenticeship through Quality Automotive Training.

The training is available using a number of delivery options designed to meet your specific requirements. These options are:

1. Day Release, 1 day per week.
2. Block Release, 1 week per month.
3. A combination of above with on-site training and assessment.
4. Open Learning training delivery with on-site training and assessment.

It is anticipated the program can take up to 12 months to complete

COURSE / CAREER DETAILS

This Australian Apprenticeship is designed to provide people who are entering the Outdoor Power Equipment Industry with specialist Small Engine and Machinery skills and qualifications.

This Vocation will involve many practical tasks including servicing and repairing outdoor power equipment for example: lawn mowers, brush cutters, lawn edgers, chainsaws, pumps, generators, post hole diggers, ride-on mowers and the like.

Trainees in most outdoor power equipment shops would be required to assemble and prepare machines for customer use and carry out minor servicing and repairs. They need good hand skills and patience when working with small complex motors and equipment. They will often work on two stroke and four stroke petrol motors and small four stroke diesel motors.

Some trainees may be required to have some customer contact and actually sell machines and/or replacement parts.

Trainees will be required to operate within a safe working environment. Good customer contact and communication skills are also an aspect of this Australian Apprenticeship.

This vocation can provide numerous career paths including:

- Specialising as a Qualified Outdoor Power Equipment Service Person
- Continue studying to gain Certificate III in Outdoor Power Equipment Qualifications
