NATIONAL TRAINING PACKAGE

The Panel Preparation Vocational course is part of the Nationally Recognised Automotive Training Package AUR 05.

The components of a National Training Package are:-

- Units which define skills and knowledge required to perform specific tasks in the workplace
- Nationally Recognised Qualifications related to workplace requirements and based on industry Competency Standards

PROGRAM INFORMATION

Panel Preparation training is available as an Australian Apprenticeship through Quality Automotive Training.

The training is available using a number of delivery options designed to meet your specific requirements. These options are:

1. Day Release, 1 day per week
2. Block Release, 1 week per month
3. A combination of above with on-site training and assessment
4. Open Learning training delivery with on-site training and assessment

It is anticipated the program can take up to 12 months to complete.

COURSE / CAREER DETAILS

This Australian Apprenticeship is designed to provide people who are entering the Automotive Industry with specialist Panel Preparation skills and qualifications.

This Vocation will involve many practical tasks including removing and replacing damaged vehicle body panels, panel sections and other components. This could also include removing and replacing body side mouldings and decals.

Secondary tasks would include preparing components/vehicles for painting for example: masking and rubbing down vehicle body panels.

It may also be a requirement to use thermal or mechanical cutting to remove damaged components.

Trainees will be required to operate within a safe working environment. Good customer contact and communication skills are also an important aspect of this Australian Apprenticeship.

This vocation can provide numerous career paths including:

- A Qualified Vehicle Panel Specialist
- Continue studying to gain Vehicle Body, Vehicle Panel Trade Qualifications
