- Nationally Recognised Qualifications related to workplace requirements and based on industry Competency Standards

PROGRAM INFORMATION

Automotive Window Tinting training is available as an Australian Apprenticeship through Quality Automotive Training.

The training is available using a number of delivery options designed to meet your specific requirements. These options are:

1. Day Release, 1 day per week
2. Block Release, 1 week per month
3. A combination of above with on-site training and assessment
4. Open Learning training delivery with on-site training and assessment

It is anticipated the program can take up to 12 months to complete.

COURSE / CAREER DETAILS

This Australian Apprenticeship is designed to provide people who are entering the Automotive Industry with specialist Window Tinting skills and qualifications.

This Vocation will involve many practical tasks including preparing window surfaces and applying window tint film to the glass. It may also be necessary to provide advice to clients on the most appropriate window tint for their particular application.

Prior to applying window tint, it is necessary to cut the tinting film to size. Once applied, precise skills are required to trim the film without damage to window frame channels and paint work.

Window tinting requires attention to detail and the ability to work within a very clean environment.

Trainees will be required to operate within a safe working environment. Good customer contact and communication skills are also an important aspect of this Australian Apprenticeship.

This vocation can provide numerous career paths including:

- Specialising as a Qualified Automotive Window Tinter
- Supervision or Management of an Automotive Window Tinting Specialist Business
- Continue studying to gain an Automotive Vehicle Body Trade Qualification
